RE: Vigilante Associates Letter of Recommendation

To Whom It May Concern:

It is with much enthusiasm that I am writing this letter to recommend the services of Vigilante Associates.

I recently had the pleasure of working with Vigilante Associates over a (3) year period on the Hard Rock Hotel & Casino Expansion Project located in Hollywood, FL. Vigilante's contractual scope of work included furnishing and installing high-end interior and exterior glazing systems on (3) different phases of the project, which included the Low-Rise Expansion, Hard Rock Live Theater and East Pool. I found Vigilante Associates to be a top-notch glass and glazing subcontractor who's design assist capabilities, quality of work and attention to detail was far above any other glazing subcontractor I've worked with in the past.

In addition, Vigilante Associates always met or exceeded our schedule requirements and always approached the project with a collaborative mindset. Their office and field operations were professional and their communication and responsiveness made working with them truly enjoyable. They take initiative, are problem solvers and more often than not drive the project instead of letting the project drive them.

I would strongly recommend Vigilante Associates to be contracted on any complex and/or straight forward glazing project because a quality project completed safely and on time is what they deliver to their clients.

Please feel free to contact me should you have any questions or concerns.

Sincerely,

A handwritten signature in blue ink that reads "N. Nowell".
